How to Submit a Tender

(Proposals for Technical Assistance)

Brief Description:

The PAHRODF procurement system guides the tendering, awarding and contracting process to ensure the most appropriate proposal is selected.

Implementation of these HR/OD interventions comply with commercial tendering process. Accredited Learning Service Providers (LSPs) are invited to submit their proposal via the Facility's online tendering portal. However, in some cases, the Facility allows for direct tenders for special projects under the Open Tender Category.

Bids submitted within the tendering period are subject to the Australian Tender Guidelines. The Facility convenes an Assessment Panel (AP) to conduct a detailed and specific evaluation criteria. The commitment to the Facility is made through a Tender Approval Process (TAP).

DEADLINE... e) of the last day of the tender pe

Please

All proposal must be submitted by uploading the documents online. Once uploaded, you will receive confirmation email (within 24 hrs). Late tenders will not be accepted.

Please note the following when preparing your proposal for online submission:

- The online submission module will only allow you to upload one (single) document in PDF format. Portable Document Format (PDF) is the de facto standard for the secure and reliable distribution of electronic documents and forms around the world.
- This means that after you have prepared and formatted your proposal using MS Word, you must convert the whole document into PDF.
- There are many tools available to do this: you can use free online conversion software (<http://www.freepdfconvert.com>) or you can download a free desktop application like CutePDF
